In flux

Presented by The Actor's Collective

February 11th - 13th

Friday and Saturday at 7pm, Sunday at 2pm

The Carl Cherry Center for the Arts in collaboration with The Actor's Collective presents "In Flux" a four part theatrical adventure that will walk right up to and even cross the boundary between the known worlds of artistic expression and the unmapped areas beyond which "only monsters dwell." Through new and original works by local writers presented quarterly in February, May, August, and November, the series will attempt to answer such questions as: Who are we? Where do we come from? What is reality? Will I know it if I see it? Why was I born to these people? Is that guy really dressed up as Elvis? How do I tell my fiancé I'm a werewolf? Well, you get the picture. The project seeks to provide both the opportunity and the venue for local writers to develop their works and see them produced.

Tickets: \$5-\$8
